Evacuation Guideline

- CalFire Evacuation/repopulation plan being amended and adopted in VAC & FFD
- Potential for chief guideline passed out

Red Flag Warnings Matcham

- Idea to Fire Chiefs for direction

Policy 14 – Tactical Retreat Palmer

- (Munn) For both emergency and non-emergent traffic/ tactical retreat, if operating on a VFIRE channel, dispatch centers will not be able to do any of what you would be asking dispatch centers to do, including using tones.
- (Munn) For the tactical retreat, I would like to add that the IC may or should say “BREAK BREAK, standby for a Tactical retreat” and then broadcast the message.
- The update is intended to differentiate between a tactical retreat and an emergency evacuation.
- Matcham to modify draft and resend it for review
